

July 1 2010 to June 30 2011 - The year in review

Dear Friend,

This year \$341,737 was raised and \$385,837 allocated to 15 NGOs to fund 13 projects as detailed in the table below. We are very grateful for your continued and generous support over the years. Since inception in 1996, \$3.25m have been raised and allocated to fund over 155 projects which directly benefit the children in 21 institutions. Your donation is having a significant and lasting impact on the well being of those children.

Amongst the projects completed to date were priority infrastructure works, allowing the NGOs to expand and improve their services. Those include the rehabilitation and equipment of schools, the set up of dormitories and rehabilitation of others. Both schools and dormitories were subject to water infiltration, humidity and decay; the addition of a new wing to relieve the overcrowding in the children's quarters; the opening of playgrounds and sports facilities; equipping computer and biology / chemistry / sewing workshops and having those studies become part of the teaching curriculum; the installation of solar panels to reduce the heating bills and keep hot water available; equipping health centers attending school children... Education is also a focus of Child of Lebanon with the funding of training programs for teachers on the subject of Conflict Resolution, funding an on-going juvenile delinquency prevention program, arranging for summer camps for mentally disabled children, the set up of children theater stages, settling private school fees, etc...

Projects funded in 10-11:

It is worth noting the following developments which took place the past four years:

- Merrill Lynch's EMEA Committee selected Child of Lebanon as one of six "2008/9 and 2009/2010 EMEA Charities of the Year". A number of fund raising events have been organized by Merrill Lynch.
- Child of Lebanon has joined hands with Lebanon United and Think Lebanon¹ in raising funds for specific projects.

¹ Lebanon United, a London-based volunteer group, raises funds and awareness to support humanitarian, educational and sustainable development initiatives in Lebanon. www.lebunited.org. Think Lebanon, a Swiss-based volunteer group, raises funds by organizing artistic and cultural events in support of Lebanese charitable institutions. www.thinklebanon.ch

- CoL became a member of Just Giving, an on-line donation service, which is now added to CoL's website. On the back of this development, friends participated in 2 London Charity runs to raise donations for CoL.

Your continued and generous support and words of encouragement have been a great source of motivation.

We are hopeful similar developments will provide the resources for the NGOs to devise and execute long term solutions to efficiently meet the needs of the children. Child of Lebanon has embarked the last 4 years on important projects, be it the set-up of educational facilities and vocational training courses, the funding of youth programs etc. which require larger long term financial commitments.

You will receive the Annual Report in November 2011 which will give you details about all the project completed since 1996; an overview of each of the assisted NGOs, Child of Lebanon's 2009-2010 audited financial statements and other information of interest.

As you know, this is a benevolent team effort and your contribution is donated in its entirety without deduction of any expenses. All such expenses are absorbed by the undersigned.
